TABE 11&12: *Special IAACE Edition*

TABE NEWS

TABE 11&12 Unconditionally Approved by the NRS

TABE 11&12 is the only completely approved NRS test that reflects the latest College and Career Readiness Standards for Adult Education, offering your students the targeted skills needed to help build their reading, language, and math abilities. More than 1.5 million TABE 11&12 tests have been administered to date.

Discover Why Adult Educators Prefer TABE for Adult Assessment

- TABE 11&12 offers a solid alignment specific to adult education, postsecondary education, the world of work, and high school equivalency, including an articulated alignment to high school equivalency exams like the TASC Test Assessing Secondary Completion™.
- With this articulation, TABE 11&12 is the only adult education assessment that provides for a measure of the content in ELA/literacy and mathematics most relevant in helping prepare adult learners for high school equivalency and for future success in postsecondary educational programs, work-related training programs, and careers.
- TABE 11&12 has partnered with LiteracyPro's LACES premier online student data management system to provide data integration that supports automatic data transfers of all student testing scores.
