Joe Loftus, Lobbyist for IAACE, Reported on legislation for the 2022 session. House Bill 1118 did not get a hearing for expanding the High School Pilot Program. However, there are legislators who are interested in hearing about this in the long session next year. Priorities will be to restore full funding for Adult Education in the next session. Members need to educate legislators outside of active legislative sessions. Joe encourages us to get to know your legislatures and let them know and visit your programs. Joe also encourages IAACE members is to get to know your local businesses and Chamber and have them realize that your program are problem-solvers for them.

Christy McIntyre-Gray comments that our funding has been flat-lined for 10 years which does not correlate with our national status as adult education programs. A discussion pursued on various avenues that the Indiana surplus on the state budget (\$5 billion) can be accessed for adult education.
- V. Adult Learner Engagement Committee- Konnie McCollum
Student voices are powerful for our legislatures and growth of our programs. Conference will have training on the COABE Student Ambassadorship program. Christy McIntyre-Gray and Wayne Township are doing a great job on expanding this. Please sign up early for the session at the IAACE conference in September.

Adult Learner Engagement Committee

Student voices are a powerful tool for Adult Education Advocacy

Thanks to a collaboration between IAACE And Wayne Township Adult Education, COABE's Student Ambassador leadership training program has come to Indiana.

Students from across the state gathered together at IAACE's 2022 conference to learn how to advocate for themselves and for Adult Education. The leadership training program helps students develop their stories, learn to use their voices, and learn to talk to leaders.

IAACE will train YOUR student leaders to speak for you.

Be a part of the movement!
